

# Nervous system sheet

Code **QBB024**, **QBB025**, **QBB027**, **QBB028**

## Spinal cord

Code **QBB024**

- It depicts the gray matter (including the anterior and posterior horns, the gray commissure, and the ependymal canal), the white matter (including the anterior, lateral, and posterior funiculi, the anterior commissure, and the ventral and dorsal sulci), as well as the motor and sensory roots.
- Supplied with a base.
- Includes two vertebrae and shows the motor and sensory roots.
- Made of PVC.

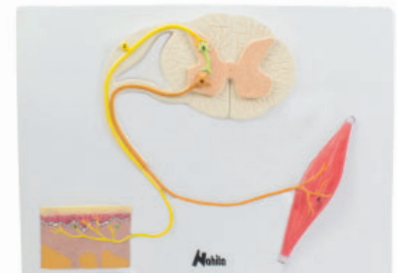

Code	Parts	Increases
QBB024	1	2x

## Spinal cord, muscles, and skin

Code **QBB025**

- Includes the spinal cord (gray and white matter), a section of skin with its sensory nerve ending, and the corresponding muscle with its motor nerve ending.
- Mounted on a board and made of PVC.

Code	Parts	Dimensions (cm)
QBB025	1	50x36x6

## Brain

Code **QBB027**, **QBB028**

- Divided into two, QBB028 can be disassembled into the frontal and parietal lobes, the temporal lobe with the occipital lobe, half of the brainstem, and half of the cerebellum.
- Supplied with a base.
- Made of PVC.

QBB027

QBB028

Code	Parts	Increases
QBB027	9	1x
QBB028	2	1x
