

## Open holder for one funnel

Ref. BJS007

Made of polypropylene.  
Includes 2 bushings for 12.7mm or 9.5mm diameter support rods.

### Technical specifications

Code	Capacity
BJS007	2 separation funnels with capacities from 25 OmL up to 1000 mL

## Closed holder for one funnel

Ref. BJS008

Made of polypropylene.  
Includes two bushings for 12.7 mm or 9.5 mm diameter support rods.

### Technical specifications

Code	Capacity
BJS008	Removable inner ring: funnels from 25 to 76mm top diameter Outer ring: 76 to 152mm top diameter funnels

## Holder for two funnels

Ref. BJS009

Made of polypropylene.  
Includes two bushings for 12.7mm or 9.5mm diameter support rods.

### Technical specifications

Code	Capacity
BJS009	Removable inner ring: funnels from 25 to 76mm top diameter Outer ring: 76 to 152mm top diameter funnels
